Two years ago, El Paso Corporation embarked upon a major initiative to remodel its downtown Houston headquarters building at 1001 Louisiana Street.

As a result, the Credit Union is temporarily relocating to the lobby of El Paso's Travis Place building and will remain in this location for approximately one year. The temporary site is a short walking distance from our current location and is easily accessible through the tunnel and the Travis Place garage. All of the services and support you have come to expect from the Credit Union will remain the same in our temporary space.

For your continued convenience, the Credit Union will be relocated in front of the security station in Travis Place so members and visitors can access the Credit Union without having to check in with security, similar to our current set up. Directional signage and other information will be posted throughout the tunnel to help guide members to our location.

Thank you in advance for your patience and understanding as we transition to and operate from our temporary space. In the meantime, should you have any questions, please don't hesitate to contact us at 713-420-2733.
